White River Innovation District - August 2024 Construction Update

During August, the contractor and crews:

- Constructed the granite curb and poured the concrete edge restraint on Holly Street.
- Installed the sanitary sewer along Merrill Street.
- Completed most of the embankment on South White River Parkway (SWRP) and began shaping shoulders and fine grading subgrade on Henry and Holly streets.
- Continued to work on buried infrastructure, including the storm sewer, sanitary sewer, water main and AES duct bank.
- Prepared to install the AES vault near Arbor St.
