White River Innovation District – June Construction Update

Top: Bridge pier 2

*Bottom: Paver installation and
Holly and Henry streets*

Henry Street Bridge:

- Finished forming and pouring all pier caps.
- Stantec continues Archeological Excavation east of the bridge.
- The first bridge beams arrived on site.

West Side:

- Continued installation of granite curb along SWRP and Henry Street.
- Began installation of traffic signal foundations.
- Completed installation of all storm sewers.
- Continued installation of paver on sidewalks, ramps & center islands.

Note: For weekly, more detailed construction updates, visit indy.gov: White River Innovation District.
