

White River Innovation District – February Construction Update

Henry Street Bridge:

- Continued removing deck formwork from between bridge beams.
- Worked on constructing bridge rings.
- Continued work on excavating and placing AES duct bank east of the bridge.
- Formed and poured section of concrete barrier wall.
- Patched underneath side of the bridge.

West Side:

- Work on hold until spring.

Note: For weekly, more detailed construction updates, visit indy.gov: [White River Innovation District](#).
