White River Innovation District – May Construction Update

Henry Street Bridge:

- Finished patching the bridge rings.
- Continued applying the surface coating to the bridge rings above the surface.
- Continued work on excavating and placing AES duct bank east of the bridge.

West Side:

- Worked on Henry Street/Indianapolis Cultural Trail between SWRP & bridge.
- Excavated and placed structural soil under the planned Trail areas.
- Installed conduit and light pole foundations east of South White River Parkway.
- Prepared surface for new concrete sidewalk.

Note: For weekly, more detailed construction updates, visit [indy.gov: White River Innovation District](http://indy.gov/WhiteRiverInnovationDistrict).
