White River Innovation District – August Construction Update

Henry Street Bridge:

- Installed storm inlets east of the bridge.
- Installed AES manholes and conduit east of the bridge.
- Began installing the Indianapolis Cultural Trail pavers at the west end of the bridge.

West Side:

- Removed the bridge mock-up.

Captions:

Left: The bridge causeway was flooded after the August rainfall.

Top right: Crews begin installing pavers for the Indianapolis Cultural Trail.

Bottom right: An AES manhole is installed east of the bridge.

Note: For weekly, more detailed construction updates, visit indy.gov: White River Innovation District.
